

Grand Majestic 5-day Cruise "A"

(Santa Cruz, Genovesa, Rabida, Santiago, San Cristobal)

Day 1: Thursday

SANTA CRUZ ISLAND

In the morning: Baltra Airport Arrival

Morning flight from Quito or Guayaquil to Baltra, Galapagos Islands.

You will arrive at Baltra Island in the morning. After passing through immigration and baggage claim, you will be met by a Grand Majestic staff member and transferred to the yacht. You will be shown to your cabin where you will have some time to settle in before lunch and a welcome briefing.

In the afternoon: Fausto Llerena Breeding Center

You will visit "Fausto Llerena" Giant Tortoises Creeding Center in Puerto Ayora, Santa Cruz Island, where giant tortoises are bred in captivity; this is home to tortoises ranging from 3-inches (new hatchlings) to 4-feet long adults. Subspecies of the giant tortoises interact with one another, and many of the older tortoises are accustomed to humans stretching out their heads for a photo opportunity. The babies are kept until they are about four years-old and strong enough to survive on their own.

Day 3: Saturday

RABIDA AND SANTIAGO ISLANDS

In the morning: Rabida

You will visit Rabida Island (or Jarvis) which is one of the most colorful and volcanically varied islands in the archipelago as well as a great snorkeling site. We will start on Rabida's famous maroon/red sand beach, and after an easy hike, you will arrive to a stunning lookout to enjoy the amazing landscapes. The island is a birdwatcher's delight. Some species are abundant such as a few varieties of finches, Galapagos vermilion flycatchers, Galapagos hawks and brown pelicans.

| Rabida Island | |
|----------------------------------|-----------------------------------------------------------------------------------------------------|
| <i>Possible Activities:</i> | Snorkeling, panga ride & short hike (0,6 miles / 1km) |
| <i>Difficulty:</i> | Easy/Moderate |
| <i>Type of Landing:</i> | Wet Landing |
| <i>Highlights & Animals:</i> | Snorkeling: white-cheeked pintail ducks, colourful fish, sea lions, brackish water lagoon, pelicans |

In the afternoon: Chinese Hat Islet

This small islet is located near the southeast coast of Santiago Island. Its name comes from the distinct shape of the islet's summit. This small islet is a great location to view many geological formations such as lava tunnels and lava flows. Some of the lava flows were formed underwater and subsequently raised above sea level. The presence of coral heads on the lava flow indicates this phenomenon.

|------------------------------------|------------------------------------------------------------------------------------------------------------------------------|
| <i>Possible Activities:</i> | Hike (1,9 miles / 3 km) |
| <i>Difficulty:</i> | Easy |
| <i>Type of Landing:</i> | Wet Landing |
| <i>Highlights & Animals:</i> | Lava formations, great site for snorkeling with an abundance of marine species such as sea lions, sharks, rays and penguins. |

Day 4: Sunday

SAN CRISTOBAL ISLAND

In the morning: Witch Hill

Located on the northern coast, this eroded hill and its surroundings present one of the most picturesque beaches in the Galapagos with its white powdery sand and the abundance of animals. Wildlife includes sea turtles, rays, and various types of booby birds. The clear water provides an excellent opportunity for enjoying swimming and snorkeling.

| Witch Hill, San Cristobal Island | |

| Difficulty: | Easy |
| Type of Landing: | Wet Landing |
| Highlights & Animals: | Beautiful rock formations, sea lions, shore birds, finches and mockingbirds; Snorkeling: nice tropical fish, anemones, sponges, coral |

In the afternoon: Lobos Island

You will take an excursion to Lobos Island which means “Sea Lion Island.” This appropriately named island is ripe with noisy, playful, jolly sea lions who will welcome you to their home with open, well, fins. This island also offers great snorkeling opportunities as well as the chance to see blue-footed and Nazca boobies.

| Lobos Island, San Cristobal Island | |
|------------------------------------|-----------------------------------------------------|
| Possible Activities: | Short hike (less that 0,6 miles / 1 km), dinhy ride |
| Difficulty: | Easy/Moderate |
| Type of Landing: | Dry Landing |
| Highlights & Animals: | Sea lions, frigate birds, blue-footed boobies |

Day 5: Monday

SAN CRISTOBAL ISLAND

In the morning: Gianni Arismendy Interpretation Center

This site is part of an environment project. The tour of this center will explore the natural history of the islands including human interaction and conservation efforts. The Museum of Natural History explains the volcanic origin of the archipelago, ocean currents, climate, and the arrival of endemic species. The Human History exhibit chronologically describes significant events such as discovery and colonization of the islands.

| Gianni Arismendy Interpretation Center, San Cristobal Island | |
|--------------------------------------------------------------|--------------------------------------------------------|
| Possible Activities: | Museum visit |
| Difficulty: | Easy |
| Type of Landing: | Dry Landing |
| Highlights & Animals: | Great exhibits about the archipelago’s natural history |

Afterwards: San Cristobal airport departure

After this final visit, you will be transferred to the San Cristobal airport in time for your flight back to the mainland.
