From the moment you step on board, you will enjoy the M/V Aqua's atmosphere of low-key luxury. As you settle into your handsomely appointed, over-sized suite, you will feel the vessel begin to move; the beginning of one of the great adventures of your life. Stand on the Upper Deck to take in the view, as the M/V Aqua leaves Iquitos behind.

Over the next four days, you will also sail along the largest tributaries of the Amazon, as well as the mighty Amazon itself. You are embarking on a spectacular adventure, to a place visited by only a few of the most experienced world travelers.

8:00 p.m. Safety Drill and Briefing on the Upper Deck
Before dinner we will perform a routine safety drill. Then it's into the air-conditioned lounge, where you will learn about life onboard, and will have the first of the nightly briefings about your adventure to follow. You will meet the naturalist guides and the cruise director, who will use video, photos, and maps to explain the details of your journey into the Amazon.

8:30 p.m. Welcome Dinner
Sit down, relax, sample some fine South American wine, and enjoy the truly world-class cuisine, created by Executive Chef Pedro Miguel Schiaffino, whose restaurant, Malabar, is one of the best in all of the Lima. Schiaffino's recipes, with the imaginative use of local products – fruit, fish, spices – make every meal a delightful adventure. (The menu always offers choices, including a vegetarian option.) Toast the beginning of a beautiful journey.

Perhaps enjoy a nightcap on the Upper Deck, under the stars, before retiring.

Day 2: Wednesday **UCAYALI RIVER/MAGDALENA VILLAGE/PUINAHUA CANAL**

6:30 a.m. Ucayali River Exploration
We will board our skiffs just as the giant sun rises above the jungle. As we move down the Ucayali River, the Amazon's largest tributary, your naturalist guides will point out an amazing variety of wildlife, particularly active in the early hours of the day. Keep your eyes out for three-toed sloth hanging from tree limbs, for prehistoric-looking iguanas, and for a multitude of birds . . . orioles, horned screams, the list is long and varied. Then it's back to the vessel, for a sumptuous breakfast.

9:30 a.m. Jungle Walk to Magdalena

After breakfast we stroll through the village of Madgalena, a small community of just ten families. Have your cameras ready to capture this once-in-a-lifetime sight.

You will have at least one chance to sample this delicious local fish at dinner aboard the M/V Aqua. We are also likely to spot, and have an opportunity to photograph, the “banana balsero” rafts, loaded with hundreds of clusters of bananas en route to market. Keep your binoculars ready to get an up-close look at woodpeckers, parrots, macaws, and toucans.

After lunch, it's nice to just watch the world go by through the over-sized windows in your suite.

3:30 p.m. Pacaya River Exploration, Plus Night Trip from Ranger Station No. 1 to Yanayacu Lake
In the late afternoon, we will take our skiffs along the Pacaya River, journeying toward the scenic Yanayacu Lake. There you can view the abundant life that is hidden in the deep rainforest.

We have chosen this time of day to give you the chance to see the late afternoon activity of the rainforest animals, including fluffy saki monkeys, capuchin monkeys, and the easy-to-spot howler monkeys. As the sun sets, listen for the loud, ferocious-sounding warning signals made by the howler monkeys, as they mark their territories.

When night falls, you will hear the second movement of the Amazon rainforest symphony, as other nocturnal animals send their shrill calls across the tree tops. We will use our special spotlight torches to locate night creatures, including, perhaps, huge caimans.

7:30 p.m. Return to the M/V Aqua

Tonight the vessel will be docked by the No. 1 Ranger Station in Pacaya Samiria National Park.

8:30 p.m. Dinner

After dinner, perhaps enjoy Peru's famous Pisco sours on the Upper Deck.

Day 4: Friday
PACAYA RIVER / PUINAHUA VILLAGE VISIT

6:30 a.m. Pacaya Exploration; Breakfast on the Skiffs

Back on the river as the sun rises, you will see a treasure trove of wildlife, including parrots, macaws, toucans, and many kinds of monkeys—as well as some “surprise” species that you have never seen before. Enjoy a “bag breakfast” of light sandwiches and fresh juice. Since we will stop near a popular dolphin feeding spot, you will see quite a show as you enjoy your meal.

After breakfast, armed with poles and bait, we will take you to a special place on this fish-rich river, where you will catch some of the more than 3,000 species of tropical fish that live in the Amazon Basin. The key target will be piranhas, the small carnivorous fish with a fearsome reputation—considered a good food source by the locals.

11:00 a.m. Return to the M/V Aqua

As our journey nears its end, your luxurious home away from home starts to sail back down the river toward Iquitos. It isn't over yet, however. A new adventure awaits you this afternoon.

Day 5: Saturday
ARRIVE IN IQUITOS CITY/CHECK-OUT AND DISEMBARK AT THE MAIN WHARF/CITY TOUR AND TRANSFER TO THE AIRPORT

7:30 a.m. Breakfast

9:30 a.m. Morning Excursion – The excursions today will depend on the level of the river. If weather and time permits, this will be the last opportunity to see how people live along the Amazon, as we travel by skiff through Iquitos' lively riverside community of Belen. Here, where the houses and shops actually float on the river during some months, you will see the bustling food market for all the Peruvian Amazon. All local inhabitants throughout the region sell and purchase goods here.

Some groups may instead take a short skiff ride to visit the Boras indigenous community, on the

Momon River. The Bora tribe only emerged from deep inside the rainforest more than 30 years ago. They have a powerful commitment to maintaining their traditional culture. We will see them perform some of their most colorful dances for you.

11:00 a.m. Return to the M/V Aqua
You have time to pack and prepare for the next stage of your journey.

12:00 p.m. Light Lunch

Your afternoon in the remote city of Iquitos, accessible only by river or air, will not disappoint. This bustling town, complete with a house built by Gustave Eiffel, was once a rich center of the rubber industry. En route, we will visit the Manatee Rescue Center, where biologists and volunteers care for endangered Amazon manatees that conservation authorities have seized from local people and fishermen. Biologists will give a presentation about the project and its efforts to help these helpless mammals. You will also see how the manatees are cared for and are prepared for re-introduction into their natural habitat. Finally, we will stop at the San Juan Amazonian Indian Market, for a last chance to shop for local crafts.
